

MERCY MILDRED AWUOR

Financial Analyst | Accountant, BAS, Bookkeeping, Payroll & Financial Reporting

Chain Valley Bay, NSW | 0416 108 916 | awuormercy@gmail.com

PROFESSIONAL SUMMARY

Experienced Accountant and Financial Analysts with over 14 years of experience, including over 6 years of Australian accounting and finance experience across financial reporting, bookkeeping, payroll, auditing and financial analysis. I am experienced in BAS preparation, general ledger and bank reconciliation, bookkeeping using Xero and QuickBooks, financial statements and working papers preparation, Payroll processing, month-end and year-end reporting, and ATO compliance.

Recently completed a Master of Analytics and the CFAP credential, and highly proficient in Xero, MYOB, QuickBooks, SQL and PowerBI, and advanced MS Excel, along with strong attention to detail, confidentiality and accuracy, stakeholder engagement, problem-solving, decision-making and effective communication skills. I am seeking to leverage my expertise to accounting practice, while continuing to develop Australian taxation expertise.

CORE SKILLS

- Financial Analysis and scenario Modelling - General ledger management - Payroll processing - Client and stakeholder communication - High attention to detail, accuracy and confidentiality	- Financial Reporting and Auditing - Knowledge Australian taxation and GST - BAS and ATO compliance - Team collaboration and leadership - Income Tax returns preparation	- Business Valuation - Ledger and bank reconciliations - Accounts Payable and Receivable - Strong analytical and organisational skills - Effective time management and problem-solving
--	--	--

--	---	--

PROFESSIONAL EXPERIENCE

Financial Analyst

Jan 2025 – Present

10Alytics, Australia

- Perform financial analysis and modelling to support strategic decision-making, applying scenario modelling and business valuation techniques to evaluate performance and options.
- Build and maintain Power BI dashboards and SQL-based reporting to translate financial and operational data into actionable business intelligence.
- Use Microsoft Fabric and AI-assisted analytics tools, including ChatGPT, to streamline data preparation, reporting, and analysis workflows.
- Investigate business issues and develop data-driven recommendations for stakeholders.
- Collaborate with cross-functional teams to deliver financial insights that support planning and strategic initiatives.

Accountant

2017 – 2023

Adorn Health Providers Pty Ltd, Australia

- Performed end-to-end preparation and review of financial statements, working papers and management reports, ensuring accurate and timely information reached stakeholders each reporting cycle.
- Managed the full payroll, accounts payable, accounts receivable, and general ledger cycle, maintaining accuracy and control across all transactional accounting.
- Delivered month-end and year-end close processes to tight deadlines, ensuring ledger was reconciled and reporting-ready each cycle.
- Prepared and lodged Business Activity Statements (BAS), GST and other regulatory filings, keeping Adorn Health compliant with ATO requirements.
- Used Xero, QuickBooks and MYOB to perform bookkeeping and maintain financial records.
- Investigated variances, discrepancies, and irregularities in financial data, resolving issues at the source to protect the integrity of financial reporting.
- Partnered with the management to develop budgets and financial forecasts, contributing to analysis that informed planning decisions.
- Coordinated audit documentation and acted as the key liaison with external auditors, supporting a smooth and efficient annual audit.
- Delivered financial insights and analysis that directly supported business planning and management decision-making.

- Built an organised financial documentation and record-keeping system that supported audit-readiness and operational continuity.

Internal Auditor

2011 – 2017

Rural Electrification Authority

- Developed and executed risk-based annual internal audit plans covering financial, operational, and compliance areas.
- Conducted internal audits of financial statements, procurement processes, and internal controls, identifying gaps and recommending corrective actions.
- Prepared detailed audit reports and findings for management review, tracking implementation of agreed recommendations through follow-up audits.
- Reviewed payroll, procurement, and expenditure records to identify irregularities, fraud risk, and control weaknesses.
- Liaised with department heads and external auditors to support the annual statutory audit process.
- Provided recommendations on strengthening internal controls and improving operational efficiency across audited business units.

Financial Accountant

2009 – 2010

I Choose Life — Africa

- Managed financial records and prepared donor and program funding reports, supporting transparency and accountability across humanitarian program funding.

Program Accountant

2009

Horn Relief

- Provided financial management support across humanitarian relief projects, helping ensure funds were tracked and accounted for accurately in a fast-paced field environment.

Accountant

2008 – 2009

Catholic University of Eastern Africa

- Supported financial record-keeping and budgeting processes for the university, building a strong foundation in accounting discipline and financial control.

OTHER WORK EXPERIENCE

Family Partnership Coordinator [Part Time]

2023 – 2026

The Smith Family

- Designed and delivered family-led engagement models that measurably improved school attendance among participating students.
- Partnered closely with schools to track student performance and manage scholarship records, ensuring accurate reporting and continuity of support.
- Connected families with relevant support services, coordinating referrals that helped maximise student outcomes and wellbeing.
